

45 Live

Who are we? What we do?

The brainchild of **Scott Hendy** and **Pete Isaac**, 45 Live is all about the 45rpm single. Producing events with DJs that spin strictly 45s all night, with themed decor and visuals that celebrate the most perfect and enduring vinyl format ever produced. Launching December 2014 with an all singing, all dancing web site - www.45live.net - that features absolutely everything to do with 45s, the site will become a community hub and magazine for DJs that play 45s and music fans in general that appreciate the aesthetic quality that vinyl, and in particular the 45rpm single, keeps on giving!

In a digital world, the humble 45 continues to hold court.

45 Live DJ Team

The full team consists of some of the most highly respected heavy hitters in clubland alongside other deeply passionate DJs/collectors that represent many genres of music.

Andy Smith (Portishead) UK

Jon More (Coldcut) (Ninja Tune) UK

DJ Suspect France

Marc Hype Germany

Shepdog (Nice Up!) UK

J Star UK

Dom Servini (Wah Wah 45s) UK

Baz Hickey Ireland

Supreme La Rock USA

Dan Walters UK

Events so far...

45 Live's first full session was at **The Masked Ball festival** (Cornwall) in May 2015 with our own tent, a line up featuring 6 members of the team, complete with all the hand made decor and giant 45 tent entrance. We then played 3 sessions at **Glastonbury festival** at The Pyramid Backstage bar, backstage at the Park and a session at Stonebridge Bar. We then ran a full 45 Live stage at The Masked Ball Halloween party in Cornwall in October 2015. We have launched club residencies in **Bristol, Paris, Los Angeles** and **Montreal** and the **45 Live Radio Show** has started broadcasting LIVE on **dublax** out of **Los Angeles**. **45 Live Records** is up and running with the first release by **Boca 45** featuring the vocal soulful talents of New Zealander **Louis Baker** which sold out 2 pressings. 2016 features (so far) festival slots at **Masked Ball, Coney Island Festival, Boardmasters** and **Reasons** (Jersey).

The people behind 45 Live

Scott Hendy aka **Boca 45** is a highly respected DJ and recording artist, Bristolian legend and champion of the 45. With tons of record releases under his belt and a DJ career that has seen him play across the UK, Europe and Australia. **Pete Isaac** is promoter and resident DJ of **Jelly Jazz**, a South West UK club and concert institution who for the last 23 years has brought jazz, soul and funk music to this region.

What we can do for you?

Programme a good natured party atmosphere for music aficionados with DJs playing all 7" over the whole night/weekend. The music would cover many genres, real R&B, funk, soul, Northern Soul, Jazz, Latin, Psychedelia, Blues, Rock, Rock n Roll, Hip Hop, indie etc, pretty much anything goes as long as it's on a 45.

Ideally we would have our own small tent/venue that would cater for 200-400 people. A selection of the 45 Live DJ team would attend the event to comfortably cover the running times.

Decor: We would where possible have a 45 record themed interior design. We have 20 giant 45s (1200mm diameter that can be hung in venues). We also have a selection of banners and some visuals for screen projections. *For non-UK shows where DJs are travelling by air, artwork can be provided for decor to be constructed/printed on site. If driving into Europe decor can be brought along in the car or van.

We also have plans for a tent entrance to be constructed where budgets allow. (As pictured on cover)

Technical requirements

2 x Technics 1200
1 x Quality DJ mixer
(Pioneer DJM 800 for example)
1 x Mic
(if stage set up allows) 1 x Projection screen to hang behind DJ, 1 x Projector, 1 x DVD player

Fees

DJ fees/brand fee/travel/accom/riders to be agreed per event.
We will work with you to put on the best production we can within your budget.
