45 Live Festival Information

Since its inception in 2015, 45 Live has been running stages at various music festivals in the UK and Europe with an international team of DJs playing strictly 100% 7" vinyl singles.

Playing a wide variety of music from acid house to funk to soul to hip hop to jazz and everything inbetween, as long as it's on a 7" it's fair game. Expertly put together by the 45 Live team which includes **Jon More** (Ninja Tune/Coldcut), **DJ Woody** (2 x times ITF world champion), **DJ Format**, **DJ Food**, **Boca 45**, **Andy Smith** (ex-Portishead), **Mr Thing**, **Greg Belson** (Block 9), **Pete Isaac** (Jelly Jazz/45 Live) + many more from UK, Europe and USA.

Production

Depending on budgets and stage, we have put together various stage productions suitable to each venue. We have drawings/dwg files for producing a giant 45 which can act as a backdrop or tent entrance which we have used at The Masked Ball in Cornwall and at 3 festivals in France in 2018. At Acontraluz Festival in Marseille (September 2018) we specified a bespoke projection screen to imitate 4 records in a row with DJ Cheeba (Glastonbury/Bestival) projection mapping images to it. We also carry a set of giant records and backdrops for hanging in venues.

Technical requirements

Basic

2 x Technics 1200
1 x Pioneer DJM 900
1 x DJ Mic / 2 x mic and stage monitor with MC
Sound system/lights

Advanced

Projection screen
1 x Projector
VJ tech to be specified depending on event

Fees

DJ fees/brand fee/production/travel/accom/riders to be agreed per event.
We will work with you to put on the best production we can within budget.
